MWAMENDMENT

This responds to the Office action dated April 11, 2002. Please amend the referenced application as follows.

In the Claims:

Please cancel, without prejudice, claims 3, 15-17, 36 and 47-49. Applicants reserve the right to file continuation applications directed to the features of the canceled claims.

Please amend claims 1, 28 and 34 to read as follows:

1. (Amended) A method for making a device or a component of a device, comprising:
- providing plural laminae that coupled together collectively define a monolithic device or a component of a device, at least one of the lamina having at least one structure, at least one substructure, and at least one fixture bridge, the structure and the substructure defining a space therebetween, and further with the substructure being coupled to the structure by the fixture bridge across the space; and
- dissociating the substructure by applying an electrical current across the fixture bridge sufficient to eliminate the fixture bridge.

28. (Amended) A method for making a micro- or meso-scale device or a component of such a device comprising:
